

3600 Series Skid Steer Snow Pushers

New for 2017

Hiniker 3600 Series snow pushers combine the simple efficiency of a box-type snow pusher with the quality and durability that Hiniker is known for. A durable rubber cutting edge provides superior cleaning on paved surfaces while heavy-duty steel skids carry the pusher over uneven surfaces. 3/8 inch thick steel sides are 36 inches tall by 36 inches deep for plenty of snow moving capacity. Utilizes the skid-steer universal attachment system.

An Optional Pull-back attachment bolts on easily, adding a second rubber cutting edge and rubber side seals (not shown) for efficient backdrag performance.

Specifications	3608	3610
Overall Width	96 in.	120 in.
Overall Height	36 in.	36 in.
Depth	36 in.	36 in.
Weight—Pusher only	836 lb.	917 lb.
—w/pullback	1031 lb.	1140 lb.
