

# 2015-2016 HD Catalog

## COMMERCIAL CLASS

CARGO MANAGEMENT EQUIPMENT

# TABLE OF CONTENTS

At Unique Truck Accessories, we are no stranger to building tool boxes for the heavy truck industry. We've been building "Private Label" HD boxes for over a decade. Also, we have and continued to build class 1-5 truck boxes for a decade before that.

When we say "We Do Work" it means we have been building truck boxes for the working truck. Our products can withstand the harsh environment that professional truckers and contractors live and work in every day. We are domestically manufacturing at our plant in Sturgis Michigan since 1992.

We are now proud to introduce our BRUTE HD products for heavy trucks. Something we know a lot about. And for those of you who know heavy trucks...you immediately notice the attention to detail in the way we produce and assemble these boxes. Starting with the smart design and reinforced corners then moving on to the hinges and top notch locking hardware.

Unique Truck Accessories and BRUTE products have always been innovative and sensible designs. We welcome you to compare these boxes to any brand you are comfortable with. We know the least we will do is come toe to toe with the best in the business.

- Drawers w/ Dividers
- Free Turning Handle When Locked
- Full Wrap One Piece Body Design
- Full HD Aluminum Lock Cover Protection
- Mounting Hardware Included

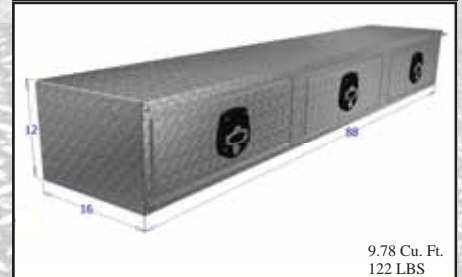

## MODEL HTD48

## MODEL HTD72

## MODEL HTD88

## DRAWER FLATBED TOP SIDER

This drawer box is very versatile. Shown here with the drawer box up against the bulkhead for easy access from either side of the truck. This application would work well for pulling a gooseneck or for the person who needs to haul on the flatbed but needs added storage. Also shown with a drawer underbody—New Item!

Shown here with another possibility. These boxes are very modular, we attached a High Capacity Top Sider w/ flip up door (see page 16) to maximize storage. These two boxes together make a great contractor package. See pages 18-19 for all the configuration packages you can imagine.

**Limited Lifetime Warranty Statement:** Unique Truck Accessories warrants tool box workmanship for the lifetime of the product, providing the customer, at his expense, returns the product back to Unique for workmanship repairs. After repairs, Unique will return the product, at customer expense. Powder coated products, Unique warrants the powder coating of any product for a limited time of 6 months from date of purchase, proof of purchase required. Warranty on all other products is to be free of defects in materials for a period of one year from the original purchase from Unique. This warranty covers the cost of the defective part and does not cover the cost of removal, installation or other incidental or consequential charges or damages. This warranty is void if any damage to the product is due to misuse, abuse, neglect, accident or improper installation or any other use contrary to the instructions with the product. Warranty will be prorated based on the length of time. Warranty products should be returned to Unique at the expense of the sender and a credit will be issued for the product and freight expense upon inspection of the product. Any product found to be non-defective will not receive credit and will be returned to the sender at their expense.
