

# ANDERSEN HITCHES

## PREMIER TOWING PRODUCTS

### 2020 CATALOG

SUPPORT USA JOBS

Thank you for choosing Andersen Hitches! The Andersen team is excited to provide you with a great selection of premier towing products. We take pride in offering quality products made in the USA, so when you choose Andersen you can hold your head up high knowing you support USA jobs.

Our company has over 50 years of manufacturing experience, so when only the best will do, we are confident in our ability to provide you with the tough, innovative hitches and trailer gear you deserve.

This product catalog will help you stay up-to-date on what we have to offer. You'll find old favorites along with some new additions. Don't take our word for it though—take a look for yourself and see what we can do for you.

Best regards,

*- Ryan Andersen*

CEO of Andersen Manufacturing Inc. (D.B.A. Andersen Hitches)

#3429

3-1/2" (90mm) Receiver Lock

#3493

1-7/8" (48mm) Adjuster Lock  
3-1/2" (90mm) Receiver Lock

- Patented heavy-duty triple ball bearing mechanism ensures a solid and secure attachment.
- No more 'False Locks' with our positive Clik-Lock™ System—the key can only be removed after the head fully locks.
- O-Ring and dust cover keep dirt and corrosion out.

- 99.99% Rust-free materials—helps eliminate typical seizing seen in regular hitch locks.
- Heavy-duty keys are keyed alike and reversible (can be inserted in either direction).

**Replacement Keys Available - Part #3499**  
(Requires 4-digit key number—limited quantity available)

# ALUMI STINGER

THE ORIGINAL POLISHED ALUMINUM BALL MOUNT

The Alumistinger is made out of one solid piece of aluminum alloy with no welds, giving it all the strength and durability you need. It won't rust, chip, or peel.

This hitch offers boat, snowmobile, ATV, and utility trailer owners the highest quality in bumper pulls.

Pair it with the Greaseless Hardball (see on page 9).

# NO-SWAY, NO-BOUNCE WEIGHT DISTRIBUTION HITCH

IT DOESN'T JUST RAISE THE BAR, IT ELIMINATES IT. NO SWAY BARS NEEDED.

## WEIGHT DISTRIBUTION (WD) HITCH COMPONENTS

## WD HITCH FEATURES

- Grease-free system ball turns with trailer.
- Easy install - no leverage bars needed.
- Weighs less than 60 lbs.
- Unparalleled sway-control that auto-adjusts to load.
- Patented shock absorbers prevent vehicle from bouncing like traditional weight distribution hitches.

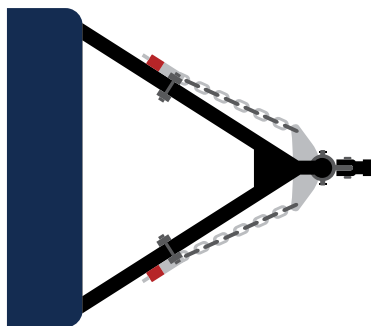

**Weight Distribution (WD) Hitch Fitment Guide:** This guide displays our different combination of WD hitch kits based on different variants including: Drop, Shank, and Bracket sizes (Refer to page 20 for fitment guide).

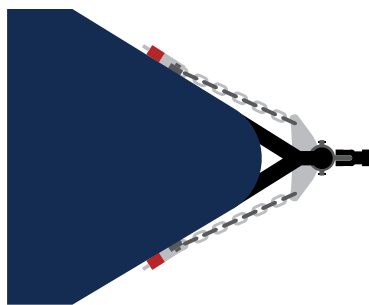

If a specific setup is not covered by one of our standard Weight Distribution Hitch kits, we may be able to put together the exact kit you need. Contact your Andersen Sales Representative for more info (Refer to page 39 for sales rep contact info. Additional fees may apply).

## WORKS ON A VARIETY OF TRAILER STYLES

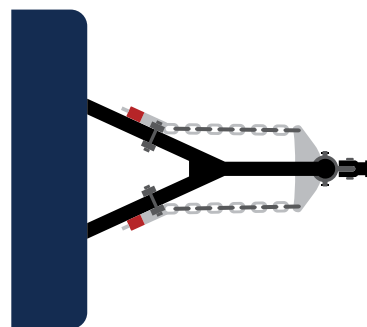

Kits available in these frame sizes: 3", 4", 4-3/8", 5", 6", 7" & 8" (See page 20 for different kits).

HOOKS TO ANY STANDARD  
GOOSENECK BALL (SOLD SEPARATELY)

**IMPORTANT:** Extra bed support is recommended when a gooseneck mount Ultimate Connection base is used on a 2015-2019 model of Chevy or GMC truck with NO OEM. The brackets help prevent warping that may result from torque forces, and fastens to the frame beneath the rearward bed saver rail. (Refer to page 29 for the product).

**IMPORTANT:** Using any Ultimate 5th Wheel Connection with a Rota-Flex Pin Box REQUIRES a lock-out kit (Refer to page 28 for product and page 22-23 for 5th Wheel Hitch Configuration Chart).

# 5TH WHEEL TO **RAIL** MOUNT

PART #3200

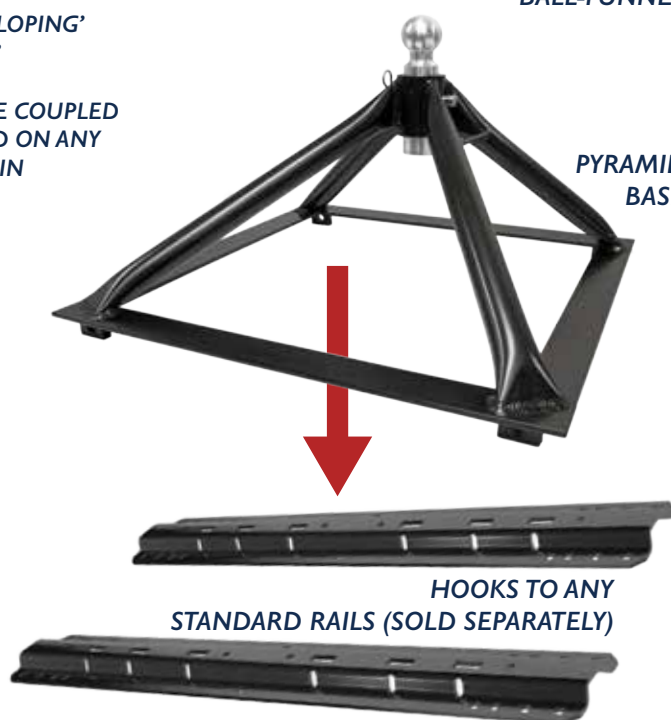

## THE EASIEST 5TH WHEEL HOOK UP AROUND

- 100% GREASELESS
- NO MORE 'GALLOPING' OR 'CHUCKING'
- TRAILER CAN BE COUPLED OR UNCOUPLED ON ANY UNEVEN TERRAIN

KINGPIN  
COUPLER WITH  
BALL-FUNNEL

20,000 LBS GTWR  
4,500 LBS TONGUE

PYRAMID  
BASE

100%  
**USA**  
MADE

\*\*Toolbox (TBX bases are offset by  $\approx 3.5"$  to fit in a truck bed with a large fuel tank or toolbox. For truck and pinbox compatibility, refer to page 22-23 to see the 5th Wheel Configuration Chart.

The Ultimate 5th Wheel Connection hooks onto the Andersen Bed Shaft (part 3219 on page 29).

For the Coupler Tube Height Chart refer to page 26-27.

## ULTIMATE 5TH WHEEL CONNECTION

3220

**IMPORTANT:**  
Always specify if top  
of ball is  
**ABOVE** or **BELOW**  
truck bed

If your ball has a flat  
top, subtract 1/8"  
from these ball height measurements.  
(e.g. 3-3/4" becomes 3-5/8")

# ULTIMATE CONNECTION ACCESSORIES

## ROTA-FLEX "LOCKOUT" KIT (REQUIRED on Rota-Flex pin box with ANY Ultimate 5th Wheel Connection)

This kit is required when using an Ultimate 5th Wheel Connection with any Rota-Flex pin box to prevent damage to the hitch and/or tow vehicle. It also keeps the rubber pad in the Rota-Flex pin box from shifting over time.

**PART #3247 (13-1/8")**

Fits Rota-Flex box with outside edges from 10-7/8" to 11-5/8".

Extended version available.

**Part # 3247-XTD (15-1/8")**

Fits Rota-Flex box with outside edges from 12-7/8" to 13-5/8".

## ULTIMATE CONNECTION SAFETY CHAINS (available for ALL Ultimate Connection setups)

*Our Ultimate Connection Safety Chains are built tough!*

Ultimate Connection Safety Chains - Part # 3230

Safety Chains with Gooseneck Plate - Part # 3249

Safety Chains with Rail Tabs - Part # 3215

**Part # 3230**

**Part # 3249**

**Part # 3215**

## ANDERSEN BED SHAFT (for GOOSENECK MOUNT Ultimate Connection bases - fits factory OEM ball systems)

Creates a strong, fast connection between your Ultimate 5th Wheel Connection gooseneck mount base and your factory OEM ball system.

*Make your Ultimate Connection  
33% **STRONGER** (tested by third party engineer)  
with the Andersen Bed Shaft.*

Part # 3219

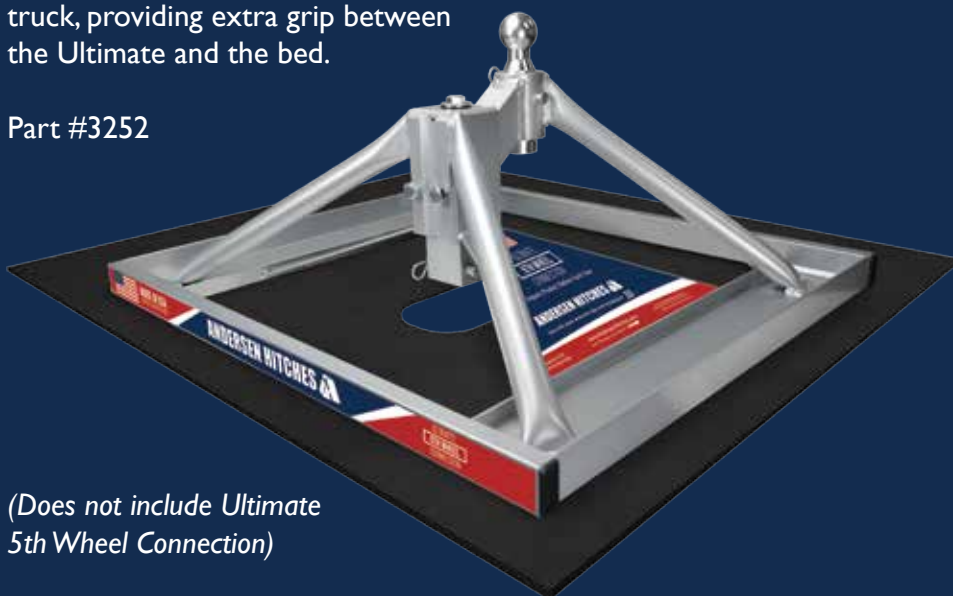

Ultimate Connection  
Gooseneck Mount Base

## ULTIMATE ANTI-SLIP KIT (available for ALL Ultimate Connection setups)

The Anti-Slip Kit prevents any potential scratching and slipping of the Ultimate Connection on the bed of the truck, providing extra grip between the Ultimate and the bed.

Part #3252

*(Does not include Ultimate  
5th Wheel Connection)*

## FULL BED SUPPORT KIT

The Full Bed Support System is a set of brackets meant to accompany the Ultimate 5th Wheel Connection (3220 and 3220-TBX only) when the Ultimate is installed on a **2015-2019 model of GMC or Chevy truck with NO OEM.**

Part #3243

The brackets will not work on models of GMC or Chevy trucks before 2015, after 2019, or if the truck has OEM.

# ULTIMATE GOOSENECK CONNECTION

GET THE **SMOOTH, STABLE RIDE**  
FOR YOUR **HORSE & LIVESTOCK**

Remote Latch  
Cable

Hooks to Bed Shaft  
(part 3219 on page  
29) or any standard  
2-5/16" gooseneck ball  
(sold separately).

See Coupler Tube Height  
Chart on page 26 for  
correct fitment.

The Ultimate Gooseneck Connection comes with a lowered version of the **Ultimate 5th Wheel Connection** and is paired with our Gooseneck Coupler (#3166-RDH).

#3165-RDH

## ULTIMATE GOOSENECK CONNECTION FEATURES:

- Maximum stability for the smoothest ride.
- Lightweight, easy, one-person installation.
- Elevates connection for improved visibility.
- Greaseless connection ditches the mess.
- Same benefits as the Ultimate Connection.

RATED FOR 20,000 LB GTWR AND 4,500 LBS TONGUE WEIGHT.

# RANCH HITCH ADAPTER

## THE PERFECT 5TH WHEEL HITCH ADAPTER BUILT FOR RANCHERS

### STRAIGHT ADAPTER

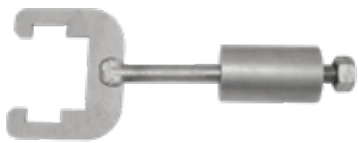

#3100

### 8" OFFSET ADAPTER

#3139

The 8" offset is our solution for short bed trucks. The extra 8 inches gives you more room between the overhang of your trailer and the cab of your truck, allowing you to turn more easily. This is all done without sacrificing the benefits and features of the straight version.

#3103 Slide Hammer  
Installation Tool  
Optional for installation

#3109 Safety chains  
Not included with Adapter

Funnel shaped coupler for quick and easy hookup—5-7/8" funnel guides your ball into place even when positioned off-center.

## RANCH HITCH ADAPTER FEATURES:

- Fits all 2-5/16" gooseneck ball hitches.
- Kit includes hardware to attach to your 5th wheel.
- Easy installation—do it yourself in less than an hour.
- Comes with a remote latch cable, to latch the coupler without getting in the bed of the truck.
- 3" vertical adjustment from 11-3/4" to 14-3/4".
- Meets V19 standards.

**IMPORTANT:** The Ranch Hitch is NOT recommended for cushioned pin boxes. If you have a cushioned pin box, use the Ultimate 5th Wheel Connection (See page 24).

RATED FOR 24,000 LB GTWR AND 6,000 LBS TONGUE WEIGHT.

# BECOMING AN ANDERSEN HITCHES DEALER

Join the Andersen Hitches family and become one of our dealers!

Over the years, we've expanded our team of dealers to span all across the United States, as well as Canada, Australia, and New Zealand. We are grateful for the dealers we have been able to work with—helping us provide premier towing products, quality customer service, in addition to opportunities to travel easier, play more, and work harder.

As an authorized dealer, we will place your business's information on our dealer locator page on our website, so customers find your store online and shop locally. You will also be able to work with one of our territory sales representatives. They will be your teammate to help you order products, become familiar with the company, and stay updated on all things Andersen Hitches related.

## CONTACT YOUR TERRITORY SALES REPRESENTATIVE

---

To become an authorized Andersen Hitches Dealer, you will need to contact a local territory sales representative.

You can find the contact info for your local territory sales rep using the link or QR code below.
